HARRY GOODWIN'S TRIBUTE

For Over Two Years Harry Goodwin
Suffered Agonizing Pains and Felt
Himself Wasting Away, but Now
He Is Absolutely Well, Thanks to
Duffy's Pure Malt Whiskey.

"I Shall Always Keep a Bottle in the
House and Will Never be Without
it as Long as I Live." He writes:

"For over two years I have felt myself
wasting away in a general breakdown of
the system, caused by overwork. I felt
terrible pains in the back, which caused
me to think I was suffering from kid-
ney trouble. I consulted many physicians
who gave me but temporary relief. I also
tried many patent medicines, with invari-
ably the same result. I began to think of
traveling with the view of improving my
health, when it occurred to me that I had
better use Duffy's Pure Malt Whiskey. I
began its use, and now today, after taking
several bottles, I feel absolutely well, and attribute the cure to Duffy's only. I
shall always keep a bottle in the house and will never be without it as long as I
live."—HARRY GOODWIN, 104 Hanover Street, Boston, Mass.

HARRY GOODWIN.

DUFFY'S PURE MALT WHISKEY

Duffy's Pure Malt Whiskey cures coughs, colds, consumption, bronchitis, grip,
catarrh, asthma, pneumonia and all diseases of the throat and lungs, indigestion,
dyspepsia and all forms of stomach trouble, nervousness, malaria, and all low fe-
vers. It is prescribed and used by over 400 doctors. Used exclusively in over 200
hospitals. It keeps the old young and the young strong. Duffy's Pure Malt Whiskey
contains no fusel oil, and is the only whiskey recognized by the Government as
medicinal.

CAUTION—When you ask for Duffy's Pure Malt Whiskey be sure you
get the Genuine. Unscrupulous dealers, mindful of the excellence of this
preparation, will try to sell you cheap
imitations and malt whiskey substitu-
tes, which are positively harmful.
Demand "Duffy's" and be sure you
get it. It is the only absolutely pure
Malt Whiskey. Sold in sealed bottles
only; never in bulk. Look for the
trade-mark, the "Old Chemist," on the
label, and be certain the seal over the
cork is unbroken. All druggists and
grocers, or direct, \$1.00 a bottle. In-
teresting medical booklet free to any
one. Duffy Malt Whiskey Co., Roch-
ester, New York.

and the conditions are now almost as bad as
before.
One strong reason urged by Mr. Jacobs is
that many delinquent girls object to going to
the Criverton home, which is the only in-
termediate step between the juvenile court
and the industrial school.
The street car company is also laying its
extension of track on Wall avenue from Twen-
ty-fourth street north to Twenty-second, and
will then give a five-minute service from Wash-
ington avenue via Twenty-fifth street to

MASS MEETING WILL DETERMINE MATTER

Commissioners Ask People to
Decide About Reservoir in
Ogden Canyon.

Special to The Tribune.
OGDEN, Nov. 22.—So much importance
is attached to the proposed big storage
reservoir in Ogden canyon to be built by
the Pioneer Power company, that the
County Commissioners have made a call
for a mass meeting of the citizens at
Weber county to discuss means of over-
coming the objections.

The only people objecting are the resi-
dents of Huntsville. The building of the
big dam will necessitate some changes
that will lengthen the road to Huntsville.
It is hoped that these objections will be
overcome.

The following is the call for the mass
meeting:

Call for Mass Meeting.
Whereas, the Utah Light and Rail-
way company has asked permission
of the Board of County Commissioners
to change the location of that portion of
the canyon road in Ogden canyon from
the site of the power dam to Huntsville
and Eden to enable said company to
build a dam some sixty feet or more in
height and to supply water to the
Shoshone Flats to store the flood waters
of the Ogden river, to be used for ir-
rigation and power purposes, and
Whereas, the Board of County Commissioners are in full
sympathy with the enterprise, realizing
that they do, that the supply of water
thus obtained would meet the require-
ments of irrigation and power purposes,
in the first place by not only meeting
a much-needed want but also in over-
coming those conditions which have led
to countless cases of litigation in the
courts and the expenditure of large sums
of money for the citizens and farmers
of Weber county; and the supply of
water thus obtained will bring untold
prosperity and wealth to the citizens of
Weber county.

"We are, however, confronted with
much opposition to this undertaking, and
realizing that the responsibility rests
upon the board, we earnestly request the
property owners and citizens generally
of Ogden City and Weber county to
meet in mass meeting at Ogden City, on
representative committee to present to
the board their views and wishes in the
premises. The building of the dam pro-
posed is a far-reaching and a most vital
question."

The date of the mass meeting will be
announced later.

OGDEN, Nov. 22.—Four special trains, car-
rying forty-eight cars of thoroughbreds

on the ranches at El Paso, near Sacramento,
Cal. They are en route to New York and
it is expected that they will reach there Sat-
urday, though they left Sacramento only
Tuesday, Nov. 21. They are going to New
York to be sold and shortly after their arrival
they will be put up at public auction at
Madison square. In the bunch there are 22
brood mares and fillies and twenty-five young
stallions. They are all the product of Hag-
gis's famous stud, and are of the highest
quality. The animals will go through from Sacramento
to New York without unloading. In each train
a commissary, outfit, superintendent, and
charges and a veterinary surgeon. The horses,
it is believed, will average at least \$1000
a piece.

\$10,000 is to be erected.
Mr. George A. Steiner of the company was
here today and stated that the purpose of

other of the advantages enjoyed by numerous
other metropolitan cities.
The real estate conveyed was from H. O.
Harkness and wife of McCammon, Idaho, the
consideration being \$100.

What Joy They Bring To Every Home

as with joyous hearts and smiling faces they romp and play—when in health
—and how conducive to health the games in which they indulge, the outdoor
life they enjoy, the cleanly, regular habits they should be taught to form and
the wholesome diet of which they should partake. How tenderly their health
should be preserved, not by constant medication, but by careful avoidance of
every medicine of an injurious or objectionable nature and if at any time a
remedial agent is required, to assist nature, only those of known excellence
should be used; remedies which are pure and wholesome and truly beneficial
in effect, like the pleasant laxative remedy, Syrup of Figs, manufactured by
the California Fig Syrup Co. Syrup of Figs has come into general favor in
many millions of well informed families, whose estimate of its quality and
excellence is based upon personal knowledge and use.

Syrup of Figs has also met with the approval of physicians generally, be-
cause they know it is wholesome, simple and gentle in its action. We inform
all reputable physicians as to the medicinal principles of Syrup of Figs, obtained,
by an original method, from certain plants known to them to act most benefi-
cially and presented in an agreeable syrup in which the wholesome Californian
blue figs are used to promote the pleasant taste; therefore it is not a secret rem-
edy and hence we are free to refer to all well informed physicians, who do not
approve of patent medicines and never favor indiscriminate self-medication.

Please to remember and teach your children also that the genuine Syrup
of Figs always has the full name of the Company—California Fig Syrup Co.
—plainly printed on the front of every package and that it is for sale in
bottles of one size only. If any dealer offers any other than the regular Fifty
cent size, or having printed thereon the name of any other company, do not
accept it. If you fail to get the genuine you will not get its beneficial effects.
Every family should always have a bottle on hand, as it is equally beneficial
for the parents and the children, whenever a laxative remedy is required.

BROWN HAVING BUSY TIME

Juvenile Court Judge Has Large
Number of Cases Before Him.

Special to The Tribune.

OGDEN, Nov. 22.—The juvenile court judge has been a busy man
during the past few days. During this
time he has had more than 100 cases before
him and three grocers in the southeast-
ern part of town, charged with selling tobacco
to boys.
The grocers, John Hensley, G. A. Friedel and
M. Hock were fined \$25 each, and promised not
to violate the law again. It was shown on the
hearing that two of the men had given strict
orders that tobacco must not be sold to minors,
but the others had been disregarded by sub-
ordinates.
One clerk, while in the courtroom, became
angry because a boy customer had given him
"away," and threatened the informer. Judge
Brown promptly fined the clerk \$5 for con-
tempt of court.
The young tobacco-dealers, all of whom live
in the southeastern part of the city, have
been ordered to report to Miss Dysart of the
Hamilton school.

Prosecuting Attorney Willey Makes a
Bad Break in Court.

Special to The Tribune.

OGDEN, Nov. 22.—Prosecuting Attorney Willey
in Judge Pugh's court, while attempt-
ing to explain what a bad man Officer Carlson
had had to deal with the night before, "un-
fortunately" the razor which Dunn attempted
to use, upon the officer was knocked from the
defendant's hand.
The judge gaped—Sergeant Hempel laughed
out loud—the clerk nearly threw a fit, and Of-
ficer Carlson looked daggers at the man who
made the statement. And now Attorney Willey
is trying hard to explain that it was merely a
slip of the tongue, that he intended to say
"Fortunately" the razor was knocked from the
defendant's hand.
Being considered a good fellow in times of
peace and always ready to rectify a mistake
as far as possible, the officers have agreed to
let the matter drop. But it was a close call.

KNOW NOTHING OF TROUBLE.

Lord Kennedy knew nothing of the trouble,
upon his arrival there, but innocently bought
ranch from parties involved in the quarrel.
Along with his purchase he obtained the ill-
will of the enemies of the parties with whom
he made the deal. During recent months, it
is said, he has been the victim of people
whose ill-will he had innocently gained. Lord
Kennedy disposed of his cattle and ranches
and left the country.

RECEIVES THREATENING LETTER.

To his utter surprise and amazement, he
found that the neighborhood trouble was deep-
ened, upon the receipt of threatening letters.
Rather than remain in the midst of people
whose ill-will he had innocently gained, Lord
Kennedy disposed of his cattle and ranches
and left the country.

RESEMBLES A STANDPIPE.

The members of the Board of Education will
inspect and test the chute at the Fremont
school, which is identical to those con-
structed at the other schools. The spiral
chutes strikingly resemble the standpipes used
in connection with waterworks in many
towns, except that they are not as high
nor as big in circumference. The coarseness
of the chute is about six inches, which per-
mits of a swift speed. At the bot-
tom of the chute are large doors which are
automatically opened by the feet of a person
striking a large spring-like iron plate,
which releases the bolt that holds the doors
shut. The chute is closed. The pupils and even
some of the younger teachers of the buildings
at which the chutes have been constructed thor-
oughly enjoy the "slide for life," and it is only
with difficulty that the dignified principals of
the respective schools are able to prevent the
fire escapes from being transformed into an
amusement park.

PUPILS PRACTICE.

In order that the pupils of the Fremont
school might make the best possible showing
in the presence of the Board of Education of-
ficials today, the former executed four drills
with the chute Wednesday. In the first drill
the 25 pupils came through the chute to the
ground in five minutes. In the next two drills
in four minutes and in the fourth in three
minutes.
